

SIR-T165 ATSC
 Terrestrial Receiver

Samsung's award-winning technology leads the industry in flexibility for delivering FREE over-the-air digital television signals to almost any DTV-ready television or DTV-capable computer monitor. The feature-packed Samsung SIR-T165 easily tunes and decodes all 18 approved ATSC DTV broadcast formats, and directly supports Favorite Channel and Closed Caption functions. With the Samsung SIR-T165, you can view HDTV, SDTV, and listen to DTV broadcasts in exciting Dolby Digital sound. Samsung solves output worries with a wide selection of output options including DVI, IEEE-1394, RS232 (SVC), RGB, Component, Composite, Audio (Rt/Lt) Dolby Digital® (Coaxial and Optical), and S-Video. Connecting virtually any configuration is fast and simple, with multiple input choices including Component (480p/480i), S-Video (2) Composite (2). Attractively styled and moderately priced, the Samsung SIR-T165 is the convenient and flexible solution for today's many DTV format choices.

- Industry Leading ATSC/NTSC HDTV Terrestrial Receiver
- Tunes and Decodes all 18 approved ATSC DTV broadcast formats.
- Decodes Dolby Digital® DTV broadcasts
